

Dental Implants & Instruments

- Assembly
- Kitting
- Packaging
- Sterilization

LSO has been servicing leading and emerging dental OEMs since 2008 providing manufacturing solutions across all of LSO's services.

We are ISO 13485-certified and FDA-registered with 10,000 square feet of state-of-the-art Class 10,000/ISO 7-rated clean room space.

Cleaning & Decontamination

LSO delivers Cleaning and decontamination solutions for reusable and single use medical devices to eliminate bio-hazardous material, meet safety requirements, and ensure necessary certifications.

Cleanroom Assembly & Kitting

From precision assembly to collating and kitting educational materials - LSO offers turnkey medical device manufacturing and assembly services.

Labeling

LSO has the in-house capability, regulatory and quality management expertise to ensure every label is compliant and of the highest quality.

Sterilization

Comprehensive contract sterilization services and expertise to guide all medical device clients through the sterilization and validation of single use and reusable products and related documentation.

Bringing Medical Innovations to Life

Start Up. Speed Up. Scale Up.

Life Science Outsourcing is a performance-driven Contract Manufacturing Organization. Our unique model leverages in house end-to-end solutions and service offerings, coupled with deep regulatory knowledge. This allows us to provide the agility and flexibility that customers need to accelerate their go to market launches, while streamlining their supply chain and mitigating risk.

Our core services include: assembly, packaging, sterilization, reagent packaging & design, thermoforming, and resorbables.
