

Pre-validated Packaging

- **Faster Time to Market**
- **Reduced Costs**
- **Off-the-shelf Trays, Pouches and Cartons**
- **Streamlined Validations**

LSO's Pre-validated packaging solutions offer faster time to market, reduced costs, and prevent supply chain issues.

The fastest, easiest, most cost-effective ways to get your medical device to market

Pre-validated packaging options in pouch and tray configurations

- ✔ Compatible with various sterilization methods
- ✔ Designed and Pre-validated to meet industry regulations
- ✔ Includes 5-year shelf life validation
- ✔ Eliminates material lead time
- ✔ Leverages economies of scale

Unlike Custom-developed packaging, our pre-validated solution eliminates costs and lead time for design and tooling. This includes the shelf life testing that is required to validate the sterile barrier.

Pre-validated packaging will help minimize expenses and get you to market faster.

Start Up. Speed Up. Scale Up.

Life Science Outsourcing is a performance-driven Contract Manufacturing Organization. Our unique model leverages in-house end-to-end solutions and service offerings, coupled with deep regulatory knowledge. This allows us to provide the agility and flexibility that customers need to accelerate their go-to-market launches, while streamlining their supply chain and mitigating risk.

Our core services include: assembly, packaging, sterilization, reagent packaging & design, thermoforming, and resorbables.
